

# APRIL 2017 INTRO CODING CAMP

## LEARN COMPUTER CODING

Take-home code is also provided for learning.

Use the 'Scratch' coding language to build a Pac-Man game!

Learn the basics of computer coding using the Scratch coding language. Explore essential coding concepts like scripts, variables, and strings using build-along projects and games. Create online games to play, draw mazes and shapes, build animations and more! Coders can ask questions to their teacher, a software industry professional.

**Saturday, April 15, 2017**

**9:30 am – 3:30 pm**

Selkirk College, Grand Forks Campus  
486 72nd Ave, Grand Forks, BC V0H 1H0

Cost: \$40

Ages: 8 – 15 years

All coders must bring their own lunch.
